Dear Residents, Families, and Caregivers,

Since our last letter dated July 3, 2020, there have been 0 resident confirmed and 0 new staff positive reports. In addition, we have had 0 new clusters of respiratory conditions this week for residents and 0 new clusters of respiratory symptoms for staff this week.

The facility began universal COVID-19 testing on June 29, 2020. As of today, 7/10/2020, we have received a total of 78 resident test results and 169 staff test results back. Out of the total of 247 received test results, all results have been negative for COVID-19. We still have 26 resident and 53 staff test results pending.

As a reminder, based on our test results there may be some changes that will occur within the facility. If we receive positive cases, we will be required to move residents to a red zone. The facility has worked with the Maintenance department with the implementation of our red zone, which is now prepared in the event that there is a positive test result.

Our communication continues to be conducted via mailed letters, The Williamsport Home Facebook page and www.thewilliamsporthome.com. As always, if you have any questions, comment or concerns please reach out to either me, Stephanie Fry (Director of Nursing) or Sue Hooker (Infection Preventionist).

Sincerely,

Jennifer Cisneros, NHA
Nursing Home Administrator
