

The Williamsport Home

September 5, 2020

Dear Residents, Families, and Caregivers,

As a continued effort to keep you informed of any COVID-19 activity, please see updated information on our current numbers.

Number of cases	
0	ADMISSIONS: Residents admitted or readmitted who were previously hospitalized and treated for COVID-19
0	CONFIRMED: Residents with new laboratory positive COVID-19
0	SUSPECTED: Residents with new suspected COVID-19
0	COVID-19 DEATHS: Residents with suspected or laboratory positive COVID-19 who died in the facility or another location.

Since our last letter dated September 4, 2020, there have been **0** resident confirmed and **9** new staff confirmed positive for COVID-19. In addition, we have had **0** new clusters of respiratory conditions this week for residents and **0** new clusters of respiratory symptoms for staff this week.

All staff members that have tested positive are under quarantine and all staff members are Asymptomatic. Today we had two members of the RRHCP team, which are contracted through The Department of Health, come into the facility and work with us on mitigation efforts and completed the tour, worked through our plans and made recommendations.

There are still staff tests that are pending and we have not received any Resident tests back as of yet. We will be sure to keep you updated as events arise. We thank you for your patience and understanding and want to reiterate that our resident's safety and well-being as well as Infection Prevention are our number 1 priority.

If you find that you have any questions, please do not hesitate to reach out to Stephanie Fry, Director of Nursing or Sue Hooker, Infection Preventionist.

Sincerely,

Jennifer Cisneros, NHA
Nursing Home Administrator
