

The Williamsport Home

November 5, 2020

Dear Residents, Families, and Caregivers,

As a continued effort to keep you informed of any COVID-19 activity, please see updated information on our current numbers.

Number of cases	
0	ADMISSIONS: Residents admitted or readmitted who were previously hospitalized and treated for COVID-19
0	CONFIRMED: Residents with new laboratory positive COVID-19
0	SUSPECTED: Residents with new suspected COVID-19
0	COVID-19 DEATHS: Residents with suspected or laboratory positive COVID-19 who died in the facility or another location.

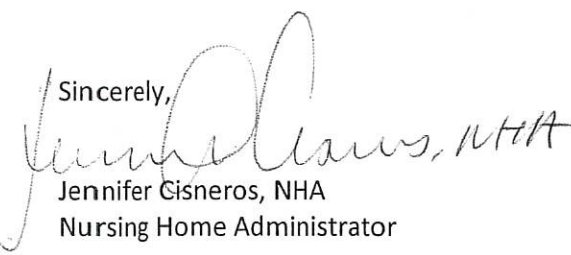

Since our last letter dated October 30, 2020, there is **0** new resident confirmed and **1** new staff confirmed positive for COVID-19. In addition, we have had **0** new clusters of respiratory conditions this week for residents and **0** new clusters of respiratory symptoms for staff this week.

During this time the facility is going through outbreak testing, which will last until we are 14 days with no new staff or resident COVID-19 positive. Once we get past the 14 days we will be moving back into conducting outdoor/neutral zone visitation. Along with the visitation we will be working with the Beautician and Volunteers to come back.

We completed resident testing on Wednesday and the results from those tests are still pending. Along with the resident tests, we still have multiple staff results still pending. If any of those results come back positive there will be phone calls made to the responsible party.

Thank you for your patience during these unprecedented times. The safety and well-being of our residents continue to be our number one priority and we are ensuring that activity programs continue on a routine basis. If you find that you have any questions, comment or concerns, please reach out to Stephanie Fry- Director of Nursing of Sue Hooker- Infection Preventionist.

Sincerely,

Jennifer Cisneros, NHA
Nursing Home Administrator
